Asset Lifecycle Management
Technical Troubleshooting
Networking Fundamentals

Technical Education

SECURITY+ CERTIFICATE
CompTIA - December 2025

RCSA CERTIFICATE
Rubrik - July 2025

CCNA CERTIFICATION
Cisco - May 2025

NETWORK+ CERTIFICATE
CompTIA - January 2025

A+ CERTIFICATE
CompTIA - November 2024

Career Summary

IT professional and U.S. Air Force veteran with experience supporting enterprise systems, infrastructure, and IT operations within large-scale corporate environments. Skilled in systems administration, troubleshooting, documentation, change management, and cross-functional collaboration to maintain reliable, secure, and efficient technology services.

Hands-on experience with enterprise backup platforms, VMware vCenter, ServiceNow, SSH/CLI environments, and production support workflows. Holds Security+, CCNA, Network+, A+, and Rubrik Certified System Administrator (RCSA) certifications and is committed to continuous learning through practical, real-world experience and technical growth.

Professional Experience

SYSTEM ADMINISTRATOR - **VSO (Raytheon / Pratt & Whitney)** Nov 2025 – Current

- Administer enterprise Rubrik backup operations, ensuring backup health, SLA compliance, replication monitoring, and production validation.
- Onboard enterprise backup environments through SLA creation, backup validation, documentation, and operational handoffs.
- Troubleshoot backup, VMware, VSS, and replication issues while coordinating resolution with engineering teams.
- Manage ServiceNow changes, CMDB updates, agent installations, and legacy backup migrations.
- Improve operational efficiency through standardized documentation, reporting enhancements, and reusable workflows.

SERVICE DELIVERY MANAGER - **VSO** Sep 2025 – NOV 2025

- Coordinated inbound work assignments across technical teams while maintaining SLA/SLO compliance.
- Managed communications between clients, engineers, and internal stakeholders to support service continuity.
- Oversaw asset lifecycle activities, inventory management, reporting, and client onboarding/offboarding logistics.

RUBRIK ADMINISTRATOR - **VSO (Raytheon)** Jun 2025 – Sep 2025

- Supported enterprise Rubrik appliance deployments and onboarding across production environments.
- Created backup SLAs, Technical Service Documentation (TSDs), CMDB updates, and migration documentation.
- Validated backup protection through test restores, snapshot verification, and replication monitoring.
- Coordinated ServiceNow changes, agent installations, and operational handoffs with engineering teams.

DESKSIDE SUPPORT TECHNICIAN - **VSO (Raytheon)** Nov 2024 – Jun 2025

- Supported executive equipment refreshes, deployments, and secure device handling.
- Performed data spill remediation, system re-imaging, and drive provisioning.
- Conducted IOP audits, asset recovery, and peripheral installations.
- Resolved hardware, software, and network issues while managing loaner device deployments.

QA AUTOMATION ENGINEER - **NewRez LLC / Caliber Home Loans** Feb 2016 – Feb 2024

- Progressed through multiple IT roles over eight years, advancing from Online Support Analyst to QA Automation Engineer.
- Supported enterprise mortgage applications through technical troubleshooting, software testing, and production support.
- Developed manual and automated test cases while validating application enhancements and production releases.
- Partnered with developers, QA teams, and business stakeholders to improve software quality and deployment reliability.
